No. 74.—The following resolutions of the Government of India are republished :—

HOME DEPARTMENT.

POLITICAL.

Delhi, the 18th December 1914.

Nos. 2951—2964.

RESOLUTION.—In supersession of the orders contained in the Resolution of the Government of India in the Home Department, No. 2831-2842, dated the 8th December 1899, the Governor-General in Council is pleased to issue the following instructions with regard to certificates of identity :—

2. Every native of India who contemplates proceeding out of India to foreign countries is strongly urged before leaving, to furnish himself with an authoritative certificate of identity, in the form appended to this Resolution, signed by the head of the district (in a Presidency Town and in the town of Rangoon, the Commissioner of Police) in the case of residents of British India, and by the Political Officer in that of residents of Native States. In the case of a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer (in a Presidency Town and in the town of Rangoon, the Commissioner of Police) or Political Officer as the case may be.

Appeals for assistance by destitute Indians who desire repatriation and by students who, owing to embarrassed circumstances, are unable to complete their course of education cannot be dealt with satisfactorily unless the parties are in a position to produce evidence of identity. The possession of a certificate of identity will be specially useful to young men of good family, as it may enable the Secretary of State to obtain for them social and other attentions.

Those who are desirous, however, of travelling in countries where a passport will be necessary are advised to furnish themselves with such a document also before leaving India, in lieu of, or in addition to, a certificate of identity. It should be remembered that no person is entitled to a passport, as of right, on the ground that he is a British subject, and the production before authorities outside India of a certificate of identity, unless supplemented by documentary evidence of respectability is not sufficient to ensure that a passport will be granted.

Form of Certificate of Identity.

1. Name of applicant ——————
2. Father's name and caste ——————
3. Residence ——————
4. Age of applicant ——————
5. Nationality of applicant * ——————
6. Social or pecuniary status of father (or guardian) ——————
7. Date of probable departure of applicant from India ——————
8. Object of applicant's visit to England (Europe) ——————

Signature of District Officer (in a Presidency Town, the Commissioner of Police) or Political Officer, or head of school or college †

Dated ——————

* *I.e.*, whether a British subject by birth or by naturalization (or a subject of a Native State).

† Countersignature of the District or Political Officer should be obtained on certificates signed by heads of schools or colleges.

NOTE.—Holders of certificates of identity intending to apply subsequently in England or elsewhere for a passport to visit a foreign country are warned that no person is entitled to a passport as of right on the sole ground that he is a British subject. The production of a certificate of identity, therefore, will not ordinarily be sufficient to secure the grant of a passport, unless it is supplemented by documentary evidence of respectability, endorsed by a Local Government or other authority competent to issue passports in India, certifying that the holder is a bona fide person to receive a passport.

DEPARTMENT OF COMMERCE AND INDUSTRY.

IMMIGRATION.

Simla, the 2nd August 1916.

No. 6087.

The following letter received from the Government of the East Africa Protectorate is published for general information :—

P.S. No. S.-99-80

THE SECRETARIAT, NAIROBI,
EAST AFRICA PROTECTORATE,
June 27, 1916

SIR,

I have the honour to inform you that the Government of the British East Africa Protectorate has recently had under consideration the desirability of enforcing more strictly the provisions of the Immigration Restriction Ordinance, 1906, and the Immigration Restriction Amendment Ordinance, 1910, copies of which are enclosed herewith.

2. Section 11 of the original enactment provided that any person appearing to be a prohibited immigrant under section 5 (e)* might be permitted to enter the Protectorate on payment of a deposit according to nationality†. In the course of time this restriction was shown to be acting as a deterrent in the case of persons who might well be admitted to the country, and the amending Ordinance was promulgated whereby the Immigration Officer was empowered to accept security in lieu of the deposit.

3. In the great majority of cases no arrangements for this security are made prior to embarkation and in consequence such persons have hitherto been allowed to land in order that they may be given the opportunity of finding a surety. This concession has led to abuse and is in itself objectionable inasmuch as the deposit prescribed by section 11 of the Ordinance of 1906 is payable before landing, and if this section is read together with section 3 (2) of the amending Ordinance of 1910 it is clear that the demand for security must also be complied with before landing.

4. The Government has therefore decided that all immigrants should either make the necessary deposit, or provide the security required, before leaving the ship on arrival in port. The strict enforcement of this regulation will take effect as from the 1st of September 1916 and I have the honour to request that steps may be taken to make this procedure known in those districts from which immigrants to British East Africa usually arrive. Persons who cannot deposit the necessary sum or have failed to find the requisite security will after that date be sent back to India, and the Government of the Protectorate will not hold itself responsible for any expenditure thus incurred.

I have the honour to be,
SIR,
Your most obedient servant,

C. C. BOWRING,
Chief Secretary to the Government.

Local Governments and Administrations are requested to make the intimation contained in the letter as widely known as possible, particularly in places from which emigration to British East Africa is believed to be most common. Intending emigrants should also be warned of the risks they run in proceeding to the Protectorate if they are unable, before landing, to deposit the sum of Rs. 50 or to comply with the demand for the requisite security in lieu of the deposit.

* The section prohibits the immigration of any person without visible means of support or any person who is likely to become a pauper or a public charge.

† The deposit required from a native of India is Rs. 50.

R. RAMACHANDRA RAO,
Secretary to Government.

The Controller of Currency will verify the facts stated in the application and inform the Secretary of State for India that treasury bills may be reserved on behalf of the applicant up to a named amount, an intimation being simultaneously sent to the latter.

2. A deposit of Rs. 5 must be made by every intending bidder previous to bidding.

3. No person will be allowed to bid for another unless he holds a power-of-attorney from him authorising him to do so.

4. The selling officer may, for valid reasons, refuse to accept any bid and, in cases of dispute, his decision shall be final. If, for any reason, the highest bid is rejected, the selling officer may, at his discretion, either accept the next highest bid or commence the auction again.

5. The sale will be subject to formal confirmation by the Deputy Commissioner, who may either accept or reject the final bid at his discretion; such confirmation will be tantamount to an acceptance of the bid.

6. As soon as possible after the auction is completed, the deposits made by the unsuccessful bidders will be returned to them.

7. As the auction proceeds, each successful bidder shall, at once, if so required by the selling officer, or otherwise at the close of the day's sale, make a further deposit equal to one-fourth of the purchase-money. Should he fail to do so, the deposit made by him under condition 2 supra will be forfeited and the salt pan will be put up to auction again on the above conditions or otherwise disposed of as the Deputy Commissioner may determine, and the defaulter may be debarred from bidding again at any subsequent sale of salt pans by the Deputy Commissioner.

8. On receipt of intimation of the final acceptance of the bid, the successful bidder shall at once pay the whole amount of his bid after deducting from it the amount of deposits already paid by him. Should he fail to do so, the deposits made by him under conditions 2 and 7 supra will be forfeited and the salt pans will be sold or otherwise disposed of as the Deputy Commissioner may determine.

9. Resales effected under condition 8 will be at the risk of the defaulting bidder who will forfeit all gain and, in the event of a loss, will be required to make good the deficiency between the amount payable under the terms of the original sale and that payable by the successful bidder at the resale. In the latter case, the forfeited deposits will be deducted from the loss arising from the resale and the remainder, if any, will be recoverable from the defaulter in the manner laid down in section 64 of the Madras Salt Act IV of 1889. Should, however, the forfeited deposits be greater than the loss by resale, the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the salt pans are disposed of otherwise than by resale and such disposal results in loss to Government as compared with the original sale.

10. The purchaser will be required to sign and deliver to the Commissioner a muchilika or engagement to observe all the conditions of the licence to be granted to him. The prescribed form of muchilika and licence can be seen at the office of the Inspector of the Ennore circle.

11. Licence to manufacture salt under the monopoly system will be granted to the successful bidder subject to the following special conditions :—

(*a*) The pans should be stirred as directed by Government; the reservoirs, condensers and crystallisers in the several blocks should be laid out in the proportion of 1 : 2 : 1 and should be worked at the rate of kudivaram common to the factories of the Ennore circle, viz., Rs. 13-2-0 per garce.

(*b*) Manufacture should be carried on as directed by Government and the licensee should undertake to comply with all orders of the Inspector in respect of the various process of manufacture and to show due diligence in manufacture.

(*c*) The successful bidder should accept a lease (the form of which may be seen at the circle office, Voyalur). The term of such lease will ordinarily be for five years and the licence granted in each case will be in force only during the continuance of such lease.

(*d*) The licensee should surrender the pans to Government, if required to do so on six months' notice before the commencement of the manufacturing season.

(*e*) No compensation will be paid to the licensee when the pans are surrendered under condition (*d*) or when the pans are resumed, if the factory is converted into one for manufacture of salt for general sale in the event of the lease referred to in condition (*c*) being determined before the expiry of the period fixed.
